

Grief has no timeline

Ridge Meadows Hospice Society

IS IT YOUR TIME TO BECOME A HOSPICE VOLUNTEER??

We are currently starting our next intake process for our ***Hospice Volunteer Training***. This 30-hour training program is a pre-requisite for those wanting to offer emotional support and companionship to individuals and families at end of life. This course is designed for those with the intention of volunteering in both the Hospice and in the Community, but also comes highly recommended for professionals and community members looking to enhance their current understanding of End of Life issues, loss and grief.

Men are encouraged to apply, as we often have requests for male hospice/grief support volunteers.

This comprehensive training is based on the Canadian Palliative Care Association standards, and provides education on topics such as, Listening and Self-Awareness, Companionship the Dying, Family Support, Grief and Loss and Spirituality at End of Life.

If you would like to register, or have questions, please contact Lindsey Willis 604-463-7722
